

Route 59 Study Recommendations

Please join us for a virtual public review meeting to discuss and gather comments on the draft Final Report for the Route 59 Area Transportation and Land Use Study. The draft Final Report can be downloaded through the following link:

www.Route59Study.org.

The draft Final Report makes recommendations in the following areas:

- **Community Design/Process:** Land use and zoning approaches to encourage fewer automotive trips and reduce congestion.
- **Roadway:** Physical improvements that would reduce congestion and accommodate multiple modes of travel.

- **Bicycle/Pedestrian:** Temporary and permanent infrastructure improvements to enhance pedestrian safety.
- **Transit:** Transit service and amenities to improve the passenger experience.

We will be using Poll Everywhere to facilitate interaction during each session. You will be able to contribute your thoughts using a browser or smart phone. Instructions will be provided during each session.

Virtual public review meetings are scheduled at the following times. Each session will provide the same content. In addition, NYMTC will accept comments through the project website following the three sessions.

July 15, 2020 | 10:00 am

Meeting number: 161 354 7599

Password: Route59

Please RSVP

Please RSVP and let us know if you are coming!

Registrations are not required but we do ask attendees to register, if possible, so we can ensure our technology can support all participants. To register, please send us an email at RSVP@Route59Study.org or leave us a message at www.Route59Study.org.

If you can't make it to a workshop, we will be accepting comments via email through 4 pm ET on Friday August 14, 2020. Please use the following email address for comments: Comments@Route59Study.org.
